ONE OF THE WAYS TO BE COMFORTABLE

More About it Will be Learned at Balke's Big Curio Store.

It will not be long until the sun kisses the valley with his accustomed fervor. So, it is time to begin making preparation for his caresses. One way to go about it is to get one of those Mexican palm leaf hats at Balke's Big Curio store, for women and girls. All are hand made, some plain and some trimmed in silver. Any of them will last for years. There is no better shield against the sun, equally useful for wear here and at the sea shore.

There has just been received at the Big Curio a lot of Indian hand made moccasins which have been in so great demand. Last season many sizes were missing, but the new lot fills sizes so that any can be pro-

cured now. All are guaranteed to be genuine and to be handmade. It may be added that these moccasins are ornamented with porcupine quills.

Great bargains are offered in watch fobs, such a bargain as will not be presented again. There are gold filled fobs, woven wire, such as have been selling at \$12. These will now be sold for less than half price. There are very few of them and the lot will be closed out as soon as possible. There is nothing better for an Easter present for a gentleman.

There are nickel fobs, Mexican cut coin fobs, silver tassels fobs, and something beautiful and unique in the petrified wood fobs. Everything above mentioned is going under the great reduction sale rule. None of the enumerated articles will last long.

KICKED OUT OF HIS RIGHTS.

It seems in this age that a person who is not in his brightest mood is forced to take a back seat. Any person who does not feel equal to his opportunities should at once go to Elvey & Hulet, where they sell all the principal remedies and do not substitute, and get a treatment of Seline Pills. Price, \$1 a box, or six boxes for \$5. Treatment guaranteed.

TEAM WORK ONLY SEEMS TO BE SHORT

OTHERWISE KELVIN'S BASEBALLISTS ARE ALL RIGHT.

The Nine Was Tried Out With Ray Last Sunday.

Kelvin, March 2.—(Special correspondence of The Republican.)—Johnny Bryan has fully recovered from his recent illness and is again to be seen on the Ray limited.

The baseball game between Kelvin and Ray on Sunday resulted in an easy victory for Ray. The score was 13 to 2. Up to the third inning the score was 3 to 2, and was very evenly contested, but after the third inning the Kelvin team went to pieces. There is some excuse for the Kelvin team as this was the first time they had ever been together. Individually, the team is a very good one and after a few practice games the team work will be much improved and the boys will give Ray a warm game. The Ray team is very good. They have several excellent players and play a strong game. Another game has been arranged to be played next Sunday at Kelvin and a much better game is looked forward to than the last one.

P. Neale, one of Kelvin's baseball players, was noticed walking with quite a perceptible limp on Monday.

Ira White, the popular solicitor of the Hercules Mercantile company, was presented with an eight-pound baby boy on Sunday at 2 p. m. by Mrs. White. This makes Ira's fourth child and he is a very happy father. Mrs. White is doing very nicely and will soon be up and around.

Mr. Scott, Tom Armstrong's son-in-law, was also the happy recipient of a prize package on Sunday in the shape of a baby boy. Mr. and Mrs. Scott are very proud of their child and they have the best wishes of all for a bright future for their offspring.

Miss Lillis Beebe was the recipient of a very handsome piano yesterday. Her parents had promised her one some time ago and she was very pleasantly surprised to see the delivery wagon stop in front of her door with the much looked for piano. Miss Beebe has taken music lessons for several years, one year at the Tempe Normal, and is quite an accomplished performer.

Lou Mickey, the ranger and former special officer at Ray, was a visitor to this section the last few days.

The quail season is now over for eight months to come. C. F. Monrad and Stratton, two employees of the Ray Copper company, went out on February 28 to do a wholesale killing and succeeded in getting one bird.

Wm. Young, who has been running the White House restaurant the last month, has given it up and has taken a position with the Ray Copper company. We were all sorry to see Mr. Young quit as he put up good meals, but he claimed that he was making no money.

Joe Hackwood, the former popular bartender of the Southern hotel, has sent in his resignation. Joe was a very good man and said that he quit owing to the position being too confining. John McGrath will succeed him.

Geo. Truman, a prominent mining man much interested in this country, has been inspecting his claims here the last few days. He is much impressed with the outlook and predicts a great town here and that the entire country will be immensely benefited by the undertakings of the Ray Consolidated Copper company.

Rex Dundap of Ray was a visitor to Kelvin yesterday and gives favorable reports on the Big Lead project.

GLENDALE TRACT CHEAP.

A 20-acre tract in Hadsell's addition to Glendale only \$2,700. This is a great snap. Road on three sides and can be admirably divided into small tracts. Present water, ready for crop. See Stauffer, 24 West Adams.

CONTEST NOTICE.

Department of the Interior, United States Land Office.

Phoenix, Ariz., Feb. 19, 1909. A sufficient contest affidavit having been filed in this office by Richard Ross, contestant, against Homestead Entry No. 4720, Serial 01969, made October 5, 1903, for S.W. 1/4 Section 33, Township 1 N., Range 2 E., G. and S. R. E. Meridian, by Charles E. Markley, contestee, in which it is alleged that said Charles E. Markley never entered upon said land nor resided upon said above described land at all since he filed on the same, nor made any of the improvements required by the homestead laws of the United States upon the same, said parties are hereby notified to appear, respond and offer evidence touching said allegation at 10 o'clock a. m. on April 12, 1909, before Register and Receiver United States Land Office, Phoenix, Ariz.

The said contestant having, in a proper affidavit, filed February 19, 1909, set forth facts which show that after due diligence personal service of this notice can not be made, it is hereby ordered and directed that such notice be given by due and proper publication.

SCHOOL BOY CONTEST IN RIFLE SHOOTING

A Competition Arranged by the National Rifle Association.

Washington, D. C., March 1.—(Special Correspondence of The Republican.)—An interesting competition for schoolboys has been arranged by the executive committee of the National Rifle association. It will be known as the "Inter-scholastic Rifle Match" and will be for the Inter-school Gallery championship of the United States, to be shot this year for the first time. The match will be shot on the galleries of the various schools which enter, the shooting taking place on any date between April 12 and 24. It will be open to teams of ten pupils from any school, preparatory high school or private school, not conferring degrees. Where the school has a club affiliated with the National Rifle association no entrance fee will be charged. Other schools may enter teams on the payment of \$2. The distance will be fifty feet and the National Rifle association target with a one-inch bullseye will be supplied by the National Rifle association. Each string will consist of five shots and ten shots will be fired in a standing position, and ten in a prone position, with two sighting shots for each position. Any .22 caliber rifle may be used which has sights in front of the hammer, and an enemy he used. The competition is open to bona fide scholars only, and a certificate to this effect must be filed with Lieutenant Albert S. Jones, secretary of the National Rifle association, Washington, D. C., which organization will designate a judge to represent it at each school. The prize will be a handsome new "Championship Trophy" to be held by the winning school for one year, and medals to the individual members of the teams. The National Rifle association now has affiliated with it about thirty-five schoolboy clubs, all of which are expected to enter the contest.

The Intercollegiate Rifle match, for the 1909 gallery championship of the United States, will be shot on the local ranges at any time between March 15 and 27. Targets will be furnished by the National Rifle association, and the distance will be fifty feet. This match is also for teams of ten bona fide students, with twenty shots for record, of which ten shall be shot standing and ten prone, two sighting shots allowed for each position. The National Rifle association will appoint a judge to be present when each team fires. The conditions regarding rifles and ammunition are the same as for the school boy trophy. The trophy is the championship trophy presented by the Forest, Fish and Game society of the United States to be held by the winning university or college for one year and to become the permanent possession of the institution winning it three times. It was won in 1908 for the first time by Columbia university of New York city. Colleges having clubs affiliated with the National Rifle association will not be required to pay any entrance fee, but other teams will be charged \$2. Colleges which are eligible by reason of affiliation are: College of St. Thomas, St. Paul; University of Nevada; University of Idaho; Washington State college; Marist college, Atlanta, Ga.; University of California; University of Pennsylvania; Delaware college; State University of Idaho; George Washington

First Spring Showing OF "L" System Clothes

In our window this morning you may see the first authoritative display of the new high class, hand-tailored "L" System Clothes for the young fellow who cares about his appearance.

As in previous seasons, the effort is to make them better and always SUPERIOR to the ordinary kind of clothes.

The materials, draping and colors are far superior to any line of "College Clothes" ever shown in any place. They cannot be matched in workmanship by any tailor in the territory. To verify this statement we solicit direct comparison.

Our salesmen are desirous of showing you the correct style, whether you buy or not.

"STEIN-BOCH" MODELS ARE ALSO READY.

Dr. HIBBARD

Sexual Blood and Genito-Urinary Organ Specialist. Urethral Obstructions Specific Blood Poison Nervous Debility Contracted Diseases

The above disorders with their terrible effects cause depression of mind and wrecking of body and racking of the nervous system. Your life may be at stake. Why not get the best of treatment. If your eyesight is poor go to a reliable oculist. If your hearing is poor you need a competent aurist. If your teeth ache call on a good dentist. If burning up with a fever or you have some acute disease consult your family physician. They should treat you, not I, for I do not treat such cases and they can do better by you. If however you have some serious disease in my line in which your life and health be at stake, it is absolutely necessary for you to consult one who has expert skill, large experience and scientific equipment in order to be permanently and successfully cured.
